

Mechanical Designer

Dobbie Engineers Ltd
Newmarket, Auckland
Mechanical & Structural Engineering

Dobbie is a multi-discipline, award-winning engineering consultancy, with a proud history of delivering superior engineering solutions to clients across New Zealand for over 30 years.

At the heart of our success lies a team of highly skilled and qualified engineers who operate in a high-performing culture. We work with clients across New Zealand, providing expertise and support across the Dairy, Meat and Beverage, Geothermal, Forestry and Building Materials Manufacturing industries.

Over the past five years, we have enjoyed outstanding growth and are excited to be expanding into a new Auckland office in 2024.

We have an exciting work schedule and are seeking an experienced Mechanical Designer.

Your Profile:

- **Credentials:** 3+ years' experience working as a Mechanical Designer, CAD Technician or Engineer. A qualification in Mechanical Engineering would be beneficial.
- **Drawing & Modelling Experience:** Proficiency in designing, 3D modelling and drafting / preparing mechanical drawings including piping isometrics, P&ID, general arrangements and detailed drawings.
- **Solutions Focused:** You take a solution focused approach to design and have proven problem-solving skills.
- **Communicator:** Ability to work in a team environment and build strong relationships.

What You'll Get to Do:

- **Specialised Design:** You will be working to design, detail and model mechanical equipment and piping systems for large-scale industrial projects across New Zealand.
- **Breadth & Diversity:** No two projects will be the same. Gain experience working on a diverse range of interesting and challenging mechanical engineering projects across a broad range of industries Dairy, Meat and Beverage, Geothermal, Forestry and Building Materials Manufacturing.

- **Technical Mastery:** Proficiency with design software including AutoCAD and Autodesk Plant 3D. Experience with Autodesk Inventor and Advanced Steel is beneficial.

Why Choose Dobbie Engineers?

- **Industry Competitive Salary:** A salary that reflects your skills and impact.
- **Career Advancement:** Professional development program tailored to your needs and career aspirations.
- **Continuous Learning:** Allocated budgets for specialised training and industry events.
- **Financial Wellness:** Above-market 4% KiwiSaver contribution and paid professional memberships.
- **Health & Wellbeing:** Your health is a priority; enjoy our subsidised healthcare.
- **Flexibility:** Tailored working arrangements to suit your lifestyle.

Make an Impact for the Greater Good

Join us in shaping a more sustainable and innovative world. Your contributions will extend far beyond the office, positively impacting industries and the environment.

Please submit your CV to careers@dobbie.co.nz, or for a confidential discussion, contact Jacqueline Griffin on 027 836 2023.

PLEASE NOTE: We are not an accredited Immigration Employer, and as such, we cannot help you with sponsorship. You must be resident in New Zealand and have permanent residency to apply for this position.
